	Open Formulary with Soft Mandatory Generic Provision ⁹			

¹ You may be responsible for a facility fee, clinic charge or similar fee or charge (in addition to any professional fees) if your office visit or service is provided at a location that qualifies as a hospital department or a satellite building of a hospital.

- $^{\rm 2}$ Precertification may be required for services rendered by out-of-network providers.
- $^{\rm 3}$ Does not apply to prescription drug benefits.

- ⁵ The in-network total maximum out-of-pocket as mandated by the federal government must include medical and prescription drug deductible, coinsurance, & copays.
- ⁶ HMS must be contacted prior to a planned inpatient admission or within 48 hours of an emergency or maternity-related inpatient admission. Some facility providers will contact HMS and obtain precertification of the inpatient admission on your behalf. Be sure to verify that your provider is contacting HMS for precertification. If not, you are responsible for contacting HMS. If this does not occur and it is later determined that all or part of the inpatient stay was not medically necessary or appropriate, you will be responsible for payment of any costs incurred.
- ⁷ Emergency service is any health care service provided to a member after the sudden onset of a medical condition that manifests itself by acute symptoms of sufficient severity or severe pain, such that a prudent layperson who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in: a) placing the health of the member, or, with respect to a pregnant woman, the health of the woman or her unborn child, in serious jeopardy; b) serious impairment to bodily functions; or c) serious dysfunction of any bodily organ or part.
- 8 Treatment includes coverage for the correction of a physical or medical problem associated with infertility. Infertility drug therapy may or may not be covered depending on your group's prescription drug program
- ⁹ Under the Soft Mandatory Generic Provision, the member is responsible for the payment differential when a generic drug is available and the **patient** elects to purchase a brand name drug. The member payment is the price difference between the generic and the brand name, in addition to copayment or coinsurance amounts which apply.

NOTE: This grid is only provided as a brief overview of benefits. All services must be medically necessary and appropriate, as determined by Highmark Blue Cross Blue Shield, for benefits to apply.

For questions concerning your benefits, please contact The Reschini Group at 1-800-442-8047.

⁴ Non-participating providers or those who are not in the Highmark network can bill members for the difference between the amount that the non-participating provider bills and the payment Highmark will make for the covered services that are performed by the non-participating provider. This is referred to as balance billing and the member's liability is not limited by the health plan. Balance billing liabilities are above and beyond the out-of-pocket maximum listed on this benefit grid.
